underfunded position of Delphi's Salaried Retirement Plan. The court will have to address this This is ludicrous. These claims should be maintained and provide funds to decrease the requested that the PBGC drops its right to secured claims and becomes an unsecured claim. Perhaps even more disturbing, is the settlement Delphi is requesting of the PBGC. They have ing the party was a second control from egregorios e especialistados **Stab**eles e a 400 mes creditors and retirees will be in the disposition of already closed, nonrevenue producing plants of all, the valuable assets of this company are being given away and the only money left for I firmly believe that this is truly a liquidation of Delphi thinly disguised as an "emergence." Worst Stesses seet far the has far fewer assets?

issue because I am sure that the PBGC will negotiate away its rights because of its unique

profit potential and they will pay literally nothing for this. Why are they paying more for the Alcoa Platinum Equity will now own a company with revenue producing operations that have excellent
